

## WORKLIFE DEVELOPMENT SERVICES

In **WorkLife**, we organise different types of educational, self-development and skills related courses to prepare the members with marketable knowledge and skills.

To encourage our members to continue education, we have set up the following bursary and subsidy schemes:

- ✚ **TEO POH LIAN BURSARY** – available for members in financial needs who wished to pursue full-time education in local institutions.
- ✚ **EDUCATION SUBSIDY** – for members taking any other local educational courses.
- ✚ **COMMITTED TO LIFE LEARNING AWARD SCHEME (CLLA)** – members who have constant commitment to upgrade themselves.
- ✚ As we know, accessible transportation is the greatest barrier for people with disabilities to take up educational courses and we have started the following schemes:
  - Evening and weekend transport service.
  - **COURSE TRANSPORT SUBSIDY** – for members attending educational courses (which may or may not be conducted by HWA).

### Our Services also include:

#### ✚ **Employment/Placement**

- Job placement assessment.
- Job placement/internships in open employment.
