1ST ZONAL MEETING
1ST AUG 2026

On 1 August 2026, HWA held our first zonal outing to the National Museum of Singapore, bringing members, caregivers and our organising team together for a day of exploration, connection and fun!

A total of 40 participants took part in the outing, where they visited the “Once Upon a Tide” and “Singapore Odyssea” exhibitions, taking the opportunity to explore and learn more about the exhibits at the museum.

The outing wrapped up with a lovely dinner at Dame Museum Cafe, giving everyone a chance to relax, enjoy a meal and catch up after an eventful day.

Two-way transport was also provided to and from HWA for our members and caregivers, making it easier for everyone to take part in the outing.

It was wonderful to see everyone enjoying themselves and making new memories together. We look forward to more meaningful opportunities for our members to come together, explore new places and enjoy shared experiences!
